Is there a mystical consciousness particularly natural to women? And if so, what role is it playing in the spiritual evolution of our world? To answer these questions, Hilary Hart traveled across the world meeting with contemporary mystics from a variety of traditions including Lakota Sioux, Sufism, Buddhism, and West-African Shamanism. The revelations of feminine wisdom offered from these encounters are not conceptual teachings, but vivid examples of lived spirituality expressed sometimes through simple ways of being, sometimes through profound mystical experiences. Revolutionary and remarkably practical, The Unknown She offers a startling new look at women's unique mystical orientation and its place in the evolution of our universal consciousness.
