Runes: The Alphabet of the Gods (Library of Oracles) Guy Ogilvy

Runes are the magical alphabet of central and northern Europe. Though they were used as a form of writing, particularly for short magical inscriptions, their primary use was divination and decision making. Meaning *whisper* or *secret*, Runes are a system of symbols that can connect you with your ancestors, spirits, and the living world. Today, we can still use these beliefs about ancient deities, and by accessing the magic of Runes we can address many of the challenges of daily life in the 21st century.

Guy Ogilvy, one of the world's best known Rune specialists, has created a wonderfully illustrated handbook full of detailed interpretations and advice, providing both the basics and advanced information to help you in your personal and successful use of this ancient oracle.

This beautiful set includes:

- A 160-page full-color guidebook that includes powerful Rune interpretations, suitable for both beginners and advanced users
- 24 specially commissioned birchwood runes from Northern Europe
- A fabric bag to hold the Runes
