EUREKA! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Preparation

- Focus your training time on the harder material
- Cover the breadth of the KS2 syllabus at the depth expected for 11+
- Modern-style, long, multi-step questions
- Space to show your detailed working
- Full-length answers with full methods
- Infoboxes with Tips, Tricks and Traps!
- Part of an extensive multi-book series

Preparing for the 11+

Pupils approaching the 11+ Examination face many challenges, including lack of time, uncertainty over what is required, and an ever-changing and secretive testing environment.

Plain “mathematics” questions are progressively being replaced with more demanding “numerical reasoning” questions. Selective schools are increasingly interested in not only rote recall of methods but also the ability to understand questions expressed in prose and skilfully apply (sometimes several) mathematical principles to arrive at an answer.

The *Eureka! 11+ Challenging Maths and Numerical Reasoning* series of books to provide focused preparation for pupils and their busy parents. Questions are expressed in words, with the pupils learning the habit of extracting the relevant numbers and key facts. Most questions are multi-part, reflecting the trend in examinations to challenge pupils skills at progressively higher levels as the question unfolds.

These questions are the upper echelon of what is tested at 11+. Although they need only Key Stage 2 concepts, they are challenging because they require good command of multiple skills simultaneously. Pupils, and perhaps even parents, will find very few of these questions to be very easy. Thankfully, the real exam

will contain many easier questions, but preparation time is best spent on those which present greater challenges and therefore more learning opportunities.

When answering the questions

- Set yourself a target, e.g. “3 questions in half an hour”
- Write down clearly your steps of working in full to make checking easier

Go through the answers soon after doing the questions

- Do not be sad if you have made mistakes: learn from them
- Many questions cover areas where even strong pupils are prone to errors
- Watch out for the Traps described
- Incorporate the Tips into your methods in future
- See if the Method suggested is quicker or less open to error than yours

For any examination, diligent practice, carefully analysing errors, mulling over methods, and developing and testing your own preferred approaches pay enormous dividends.

From reader reviews:

Nancy Mitchell:

Why don't make it to be your habit? Right now, try to ready your time to do the important work, like looking for your favorite guide and reading a publication. Beside you can solve your condition; you can add your knowledge by the guide entitled Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1). Try to stumble through book Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1) as your good friend. It means that it can for being your friend when you experience alone and beside those of course make you smarter than previously. Yeah, it is very fortunated for you. The book makes you more confidence because you can know almost everything by the book. So , let us make new experience as well as knowledge with this book.

Minerva Gagliano:

Reading a publication tends to be new life style within this era globalization. With reading through you can get a lot of information which will give you benefit in your life. Along with book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire all their reader with their story or their experience. Not only the storyplot that share in the textbooks. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors nowadays always try to improve their skill in writing, they also doing some study before they write to their book. One of them is this Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1).

Gregory Howard:

Your reading sixth sense will not betray you actually, why because this Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1) guide written by well-known writer whose to say well how to make book which might be understand by anyone who all read the book. Written throughout good manner for you, leaking every ideas and creating skill only for eliminate your own hunger then you still uncertainty Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1) as good book not merely by the cover but also through the content. This is one publication that can break don't judge book by its deal with, so do you still needing one more sixth sense to pick this specific!? Oh come on your reading through sixth sense already said so why you have to listening to an additional sixth sense.

Jaime Howell:

Book is one of source of knowledge. We can add our information from it. Not only for students but native or citizen need book to know the change information of year to year. As we know those publications have many advantages. Beside we all add our knowledge, may also bring us to around the world. From the book Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1) we can have more advantage. Don't one to be creative people? To get creative person must choose to read a book. Just choose the best book that suited with your aim. Don't be doubt to change your life at this time book Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ Book 1: 30 modern-style, multi-part questions with full step-by-step ... explanation, tips and tricks) (Volume 1). You can more attractive than now.
