Abstracts of the Standard Edition of the Complete Psychological Works of Sigmund Freud

Abstracts of the Standard Edition of the Complete Psychological Works of Sigmund Freud

This work is a compilation of abstracts, keyed to all the psychoanalytic concepts found in the "Standard Edition of Freud", edited by James Strachey. It consists of 176 double-column pages, featuring chapter-by-chapter, paper-by-paper, even letter-by-letter synopses of the 23-volume "Standard Edition of Freud". It has been distilled under the joint auspices of the National Clearinghouse for Mental Health Information and the American Psychoanalytic Association. The work aims to make Freud's writings doubly accessible to systematic scholarship by inclusion of 47 double-column pages of subject index. Holt's introductory essay should be useful to both beginning and advanced students.
