My First Little Workbook of Wicca Velvet Rieth

Containing general educational exercises blended with basic Pagan concepts and symbols, this workbook presents a wonderful introduction to Wicca for young children. Originally produced as a teaching aide for her grandchildren, Reverend Rieth's textbook grew into a project, which was home produced in limited quantities and sold at Pagan festivals nationwide by only a handful of vendors--it very quickly became one of their best-selling items. Part grammar school primer and part coloring book, the activities within are designed for children to learn at their own pace without the need for direct supervision while still being fun and entertaining.
