This authoritative reference equips you with the essential knowledge to provide comprehensive and effective care to children in an emergency setting. From age-specific diagnoses and chief complaints through developmental considerations and psychosocial issues, this text guides you through the full range of medical and surgical conditions commonly encountered when treating pediatric emergencies. The use of full color throughout, diagnostic algorithms, text boxes, charts, clinical pearls and pitfalls, and other visual features ensure the book will make crucial clinical information easy to find and apply.

- Tap into expert guidance on all aspects of pediatric emergency medicine, from the physical exam and usual and unusual presentations through to disposition criteria and transfer issues.
- Access step-by-step guidance on administering critical life support interventions and providing effective diagnostic and therapeutic ambulatory care.
- Quickly review specific treatment protocols for various emergency settings, including general emergency departments, community hospitals, tertiary care centers, EMS and transport, and triage.
- Find information fast with or without a known diagnosis, with content organized both by chief complaints and by specific diagnoses.
- Better understand how problems present differently in infants, children, and adolescents with age-specific diagnoses.
- Identify and manage the psychosocial issues surrounding pediatric patients, including major depression and suicidality, sexual and physical abuse, child neglect, and violence.
- Easily absorb key information with the aid of text boxes, algorithms, clinical pearls, and pitfalls.
- Retrieve information easily with a consistent templated format.

Michael Berry:

Many people spending their moment by playing outside with friends, fun activity along with family or just watching TV all day long. You can have new activity to shell out your whole day by looking at a book. Ugh, ya think reading a book can definitely hard because you have to accept the book everywhere? It alright you can have the e-book, having everywhere you want in your Cell phone. Like Pediatric Emergency Medicine, 1e which is finding the e-book version. So , try out this book? Let's observe.

Major Talley:

As a student exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's soul or real their leisure activity. They just do what the trainer want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Pediatric Emergency Medicine, 1e can make you sense more interested to read.
