The Corporate Cult: More of What Men Know That Women Don't Rich Zubaty

Are corporations cults? Do they control our behavior, thoughts, information and emotions? Zubaty makes a pretty good case for that. Should the legal status of corporate "persons" be challenged as a religious violation? a gross infringement of the supposed boundary between church and state? He makes a pretty good case for that. Have we done a good job of keeping religion out of government but a miserable job of keeping government out of religion? He makes a pretty good case for that. Is Darwinism a science? Or a religion? You'll get vertigo over his take on that.
