## **Orature and Yoruba Riddles** A. Akinyeme, Akintunde Akinyemi

Orature and Yorùbá Riddles takes readers into the hitherto unexplored undercurrents of riddles in Africa. Because of its oral and all too often ephemeral nature, riddles have escaped close scrutiny from scholars. The strength of the Yorùbá as the focus of this study is impressive indeed: a major ethnic group in Africa, with established connections with the black diaspora in North America and the Caribbean; a rich oral and written culture; a large and diverse population; and an integrated rural-urban society. The book is divided into six chapters for readers' convenience. When read in sequence, the book provides a comprehensive, holistic sense of Yorùbá creativity where riddles are concerned. At the same time, the book is conceived in a way that each chapter could be read individually. Therefore, those readers seeking understanding of a specific type of riddle may target a single chapter appearing most relevant to her/his curiosity.
