Until recently, only the technically gifted and artistically inclined attempted to publish sites on the Web. If you wanted to look good on the Web, you needed either techno-talent or the bucks to commission someone who had it. Not anymore. FrontPage 2002, the latest incarnation of the Microsoft Web site creation tool, brings new ease to Web publishing. Without any knowledge of HTML (the language used to create Web pages), you can use FrontPage to build and manage a beautiful and sophisticated Web site.

If you have FrontPage loaded on your PC but feel a bit nervous about beginning your Web site, then *FrontPage 2002 For Dummies* will soothe your nerves and guide you through the process. This reference guide is also for anyone who wants to

- Upgrade from an older version of FrontPage
- Build a professional-quality site to showcase a new business
- Start an online business
- Impress potential employers with an online dossier
- Spread the word about a special cause
- Set up a privacy-protected site for use by family and friends

FrontPage is no small topic – here's a look at just some of the handy tips, tools, and techniques you'll find in *FrontPage 2002 For Dummies*:

- Import an existing Web site into FrontPage
