Will Becoming a Millionaire Really Set You Free? If we, as a nation, declare freedom to be our number one priority, then why do so many of us, at a gut-level, feel less freedom than ever? Americans work harder than ever before to pursue freedom, based on the delusion that more money and success will lead to a better life. The typical American trades the vast majority of their time and energy for the hope that, someday, they will be free. Meanwhile, their intense pursuit of financial success is the very thing robbing them of freedom. So, Where Do We Find Freedom? What Should We Pursue? In Lifeonaire, Steve Cook and Shaun McCloskey challenge you to consider what it is that you really desire. Through this story, they show how Americans often blindly pursue financial wealth thinking that it will reward them with what they want. But, what we really want is life. Our heart's desire is to become more than just a "success" by the world's standards- more than a millionaire. What we really desire is to become a Lifeonaire.
