Designed for students of social work, public policy, ethnic studies, community development, and migration studies, *Immigrant and Refugee Children and Families* provides the best knowledge for culturally responsive practice with immigrant children, adolescents, and families. This textbook summarizes the unique circumstances of Asian/Pacific Islander, Latino, South Asian, African, and Middle Eastern immigrant and refugee populations and the challenges faced by the social service systems, including child welfare, juvenile justice, education, health, and mental health care, that attempt to serve them. Each chapter features key terms, study questions, and resource lists, and the book meets many Council on Social Work Education Educational Policy and Accreditation Standards (EPAS) competencies. The book addresses the policy landscape affecting immigrant and refugee children in the United States, and a final section examines current and future approaches to advocacy.
