The fourth edition of this comprehensive nursing assistant training textbook is organized by body system, which gives students a context for learning. Here is important information about the latest edition:

- Chapters are organized around body systems (structure and function, normal changes of aging, and common diseases and related care are grouped together).
- Many new photos and website references were added.
- Material regarding infection prevention and Alzheimer's disease material was updated and expanded.
- Information about residents' legal rights, as well as how to reinforce person-centered care, may be found throughout the book in highly visible blue boxes.
- New diseases, disorders, and conditions and related care information were added. Pressure ulcer material was significantly updated, including new photos and illustrations.
- Chapter review sections now contain multiple choice questions, along with short answer questions.
- The page count remained the same from the last edition to this edition.
- There is a paperback version of this book.
