Ari Marcopoulos: Not Yet Ari Marcopoulos, Catherine Taft, Neville Wakefield

The definitive monograph of Ari Marcopoulos, the renowned photographer whose explicit and startling visual intimacy bridges art and street photography. For nearly four decades, Ari Marcopoulos has broken conventions with his candid and raw style. His photographs documenting subcultures such as skateboarding, snowboarding, and hip-hop; his tendencies to photograph stark landscapes, portraits of artists, and celebrities; and his extremely quiet and intimate photos of his family and friends have all been hugely influential in helping to establish the visual rawness of youth culture, as well as the ephemeral aesthetic of contemporary photography. *Ari Marcopoulos: Not Yet* is an unprecedented journey through the artist's celebrated career, from skateboarding and snowboarding to rural landscapes and cityscapes. This volume includes both iconic and never-before-published photographs from the 1980s to now. Each chapter is edited by a different celebrated artist or family member—all close to Marcopoulos—and it is through these personal reflections on the artist's work that this monograph takes on a deeper level of intimacy, drawing a more complete portrait of his oeuvre.
