Queer in Translation (Routledge Advances in Translation and Interpreting Studies)

Queer in Translation (Routledge Advances in Translation and Interpreting Studies)

As the field of translation studies has developed, translators and translation scholars have become more aware of the unacknowledged ideologies inherent both in texts themselves and in the mechanisms that affect their circulation. This book both analyses the translation of queerness and applies queer thought to issues of translation. It sheds light on the manner in which heteronormative societies influence the selection, reading and translation of texts and pays attention to the means by which such heterosexism might be subverted. It considers the ways in which queerness can be repressed, ignored or made invisible in translation, and shows how translations might expose or underline the queerness – or the homophobic implications – of a given text. Balancing the theoretical with the practical, this book investigates what is culturally at stake when particular texts are translated from one culture to another, raising the question of the relationship between translation, colonialism and globalization. It also takes the insights derived from intercultural translation studies and applies them to other fields of cultural criticism. The first multi-focus, in-depth study on translating queer, translating queerly and queering translation, this book will be of interest to scholars working in the fields of gender and sexuality, queer theory and queer studies, literature, film studies and translation studies.

In a situation you wish to purchase the e-book, you can open up their official web-site and order it. Have a nice learn.

Terry Crabtree:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library in order to make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Queer in Translation (Routledge Advances in Translation and Interpreting Studies) can make you truly feel more interested to read.
