**A holiday miracle to remember . . .**

A matchbox advent calendar first brought Frank Rayner and Addie Hutton together. But that was years ago. Since then Addie has written herself out of her father's will, gotten herself blacklisted as a reporter, and had her husband leave her for a younger woman. The only good decision she seems to have made is to move back home, even if Frank now owns that home and is renting the apartment over the garage to her. Not that she thinks there's anything there. There's no reason to get wrapped up in the holiday cheer. Because Christmas miracles are for the movies. Real life is about unexpected families—and the magic of true love—and could there be a happy ending after all?
