Still reeling from her earlier adventures, the spunky, smart, and tough heroine tries to adjust to her new reality--and new undead clientele. Then she discovers a frightening secret about these powerful immortals that further warps her world. Needing to escape, she flees to New York for the American Psychological Association's conference, where she meets up with hottie FBI Agent Alan Stevens. Unfortunately, he's not the only blast from the past in the Big Apple: so is Lucifer, the demented tormentor who nearly killed her. As the killer closes in, everyone is rounded up for a shocking finale that no one will survive unscathed.
