Psych Diaries: VOLUME 1 Tim Stanton

EXPLICIT & EROTIC - ADULT ONLY - A retiring Professor of Psychology has kept a journal for years, detailing his sensual *and some might say unethical* interactions with students. This bundle of diary entries reveals some of his encounters with students across the years, as he flirts with the boundaries of what is acceptable given his position. Just how close to the edge can he sail? **PLACEBO**: A twenty-one year old undergraduate student, Janie, agrees to collect data on an experiment involving male enhancement pills. **SUBLIMINAL**: Toni (militant feminist) and Georgia (shy, repressed, awkward) want to run a pilot study to discover whether 'shaved or unshaved' is the most appealing image for men. **OBEDIENCE**: Sandy, a stunning twenty-one year old student of psychology, visits her tutor with questions about an experiment in the case files; about the power of authority figures. **MOTIVATION**: A simple tutorial in the days before Christmas goes disastrously wrong, only to turn into a surprisingly romantic scenario. **VALIDATION**: A German student wants to run a validation study, assessing the length, girth and strength of aroused male students. A pilot study is required! Cleverotica.
