## **SS Mann Hunt** William Maltese

FATHER. FIEND? SCIENTIST. BUTCHER? PATRIOT. NAZI? Sebastian S. Mann, prominent member of post-WWII U.S. rocket development, has gone missing with other expedition members supposedly caving in South America. Having done so just days before revelations that he may have been responsible for the deaths of over two-hundred thousand gays, Jews, gypsies, and Romanian freedom fighters. Years later, the male heirs of three missing members of Mann's lost expedition meet up in deep Brazilian jungle to explore evidence finally turned up of their fathers' possibly last campsite. Brad Lexly and Kurt Mann, childhood friends and lovers, rekindle their previous passionate relationship but know its success, beyond the isolating jungle environment, depends upon an acceptable explanation for Sebastian Mann's disappearance. More dangerous people than they, though, seek answers, too, and also provide definite possibilities for this expedition ending up just as missing as the one gone before it.
