Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering Parth M. Babaria, Anilkumar Vashney

Mango kernel oil is one of the byproduct from the mango fruit and mostly used in cosmetic and soap industry. Hydraulic pressing is one of the ways to extract the oil from mango kernel. The hydraulic pressing is more useful for small scale processors due to relatively lower initial and operating cost. Moreover, it gives uncontaminated oil and pure cake residue as compared to screw press or solvent extraction method. The present research work was undertaken to study the different process parameters responsible in obtaining better quality mango kernels oil efficiently as well as better quality cake through hydraulic pressing. Hydraulic pressing of mango kernel was done using Universal Testing Machine and specially designed test cell. Mango kernels of kesar variety were used for the study. Before final experiments could be taken up, numbers of preliminary trials were conducted to standardize process of hydraulic pressing in context to the levels of pressing load and sample size of mango kernels. Based on preliminary trials and some earlier studies, efforts were made to study the effects of steaming of mango kernels on oil yield, oil recovery and quality of oil.

From reader reviews:

Evelyn Garcia:

Book is to be different for every grade. Book for children until adult are different content. We all know that that book is very important usually. The book Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering was making you to know about other know-how and of course you can take more information. It is rather advantages for you. The book Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering is not only giving you far more new information but also to get your friend when you sense bored. You can spend your spend time to read your e-book. Try to make relationship with the book Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering. You never sense lose out for everything in case you read some books.

Vanessa McGinty:

Information is provisions for people to get better life, information currently can get by anyone on everywhere. The information can be a know-how or any news even a concern. What people must be consider any time those information which is from the former life are difficult to be find than now's taking seriously which one would work to believe or which one the particular resource are convinced. If you obtain the unstable resource then you understand it as your main information it will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering as the daily resource information.

Floyd Lipp:

Often the book Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering has a lot info on it. So when you make sure to read this book you can get a lot of advantage. The book was authored by the very famous author. The author makes some research prior to write this book. This specific book very easy to read you may get the point easily after looking over this book.

Audrey Stockman:

What is your hobby? Have you heard this question when you got scholars? We believe that that concern was given by teacher with their students. Many kinds of hobby, All people has different hobby. And also you know that little person just like reading or as looking at become their hobby. You should know that reading is very important as well as book as to be the point. Book is important thing to increase you knowledge, except your own teacher or lecturer. You get good news or update about something by book. Numerous books that can you decide to try be your object. One of them is this Extraction of Oil from Mango Kernel by Hydraulic Pressing: Post harvest Processing and Food Engineering.
